Hold me Closer

(G) No need to apologize
(Em) 'Cause there's nothing to regret
(G) Well, this is not what I wanted
(Em) Guess all the good things come to an end

So baby bye, (C) bye
Wish you the (D) best
But most of all I (Em) wish that I could love you (Bm) less
Well, maybe you're (C) right
I'll find someone (D) else
You say it isn't (Em) me, but when did that ever (Bm) help?

(C) *Hold me closer*
Al (D) *though you'll leave before the sunrise*
(G) *Might be bleeding, but* (Em) *don't you mind,* (D) *I'll be fine*
(C) *Oh, it kills me*
I (D) *found the right one at the wrong time*
(G) *But until the sunrise*
(Em) *Hold tight,* (D) *hold tight*

(G) Maybe it happened too fast
(Em) I guess that I understand
(G) You say that you've never felt this way for anyone
(Em) And that's why it scares you to death

So baby bye, (C) bye
Know it's for the (D) best
Still I can't see how (Em) that would ease the pain in my (Bm) chest

(C) *Hold me closer...*

(C) (D) (G) (Em)

'Cause tomorrow will (C) hurt
Hurt really (D) bad
'Cause I'm about to (Em) lose the best I ever (Bm) had

(C) *Hold me closer*
Al (D) *though you'll leave before the sunrise*
(G) *Might be bleeding, but* (Em) *don't you mind,* (D) *I'll be fine*
(C) *Oh, it kills me*

I **D** found the right one at the wrong time
G But until the sunrise
Em Could you just **D** hold me **C** tight?
D I know, I have to let **G** go, but just give me the **A7** night

C **D** **G** **Em**

'Cause tomorrow will **C** hurt
Hurt really **D** bad
'Cause I'm about to **Em** lose the best I ever **Bm** had

C Hold me closer
Al **D** though you'll leave before the sunrise
G Might be bleeding, but **Em** don't you mind, **D** I'll be fine
C Oh, it kills me
I **D** found the right one at the wrong time
G But until the sunrise
Em Could you just **D** hold me **C** tight?
D I know, I have to let **G** go, but just give me the **A7** night

C Can't you see that
you **D** found the right one at the wrong time?
G It was just the wrong **Em** time
It was just the **G** wrong time
Em Hold tight, **D** hold tight
